

Rock This Planet

Billy Ray Cyrus

I've been on the road since I was a kid
I was born to lead this life I live
Fate placed me among the chosen few
I'm a man with a mission, got a job to doRock this planet
(Rock this planet)
Rock this planet
(Rock this planet)
The world meeds rockin'
And I ain't stoppin' 'til it's doneWell I'd love to stay baby but I've got to run
People everywhere need to have some fun
I've got the message that'll set 'em free
The whole dang world is dependin' on me toRock this planet
(Rock this planet)
Rock this planet
(Rock this planet)
The world meeds rockin'
And I ain't stoppin' 'til it's done, soWe did a show in Tokyo, they ate it up
Paris and Rome couldn't get enough
When we were done in London, we were Berlin bound
We cranked it up until the wall came downRock this planet
(Rock this planet)
Rock this planet
(Rock this planet)
The world meeds rockin'
And I ain't stoppin' 'til it's doneRock this planet
(Rock this planet)
Rock this planet
(Rock this planet)
The world meeds rockin'
And I ain't stoppin' 'til it's doneThe world meeds rockin'
And I ain't stoppin' 'til it's done
No, no, woo
