

# Kiss, Kiss

## Yeah Yeah Yeahs

Green hours, blue rope  
Well, hot wax, four hearts are cold  
We're three, we're three in the dark tonight  
And baby, my snake is a shark tonight  
He's got youth on his side  
He's got small purple eyes  
Now he's as straight as a bone  
When there's nobody home  
Everywhere kiss me  
Everywhere kids speak  
No catch, no beat  
Everywhere kiss me, everywhere kiss me  
Everywhere kiss me  
Everywhere kids meet  
No catch, no beat  
Everywhere kiss, everywhere kiss, kiss me [Incomprehensible]  
I dropped my musings out of sight  
I drank until the water's dried  
It's all cute 'til someone dies  
Shoot my name up every vein  
You can't get hurt, you can't complain  
No feet, no hands, no tale, no lies  
He's got youth on his side  
Everywhere kiss me  
Everywhere kids speak  
No catch, no beat  
Well, everywhere kiss me, everywhere kiss me  
Everywhere kiss me  
Everywhere kids meet  
No catch, no beat  
Well, everywhere kiss, everywhere kiss, kiss me  
We're three, we're three, we're three  
We're three, we're three in the dark tonight  
And baby, my snake is a shark tonight
