

Black Ghost Blues

Lightnin' Hopkins

Black ghost, black ghost, please stay away from my door
Black ghost, black ghost, will you please stay away from my door
Yeah you know you worry po' Lightnin' so now, I just can't sleep no more
Yeah you know I go to dreaming
first night, black ghost is all po' Lightnin' can see
I go to dreaming first night, black ghost is all po' Lightnin' can see
You know that's why I begin to wonder why you keeps on worryin' me
Black ghost is a picture, and the black
ghost is a shadow too
Whoa black ghost is a picture, and the black ghost is a shadow too
You just can see him, but you can't hear him talkin'
Ain't nothin' else that a black ghost can do
Black Ghost Blues!
