Snaggletooth

Vance Joy

Waiting for you baby
Through the coldest days

Huddled in the backseat of the van

And I know a girl who

Would wait until it's dark

When she sings the heavens part

They part

OohAnd I held my ground

When I heard those sounds

Coming out

And I must have cried

When I held those handsSo do you know what I mean

So do you know how I feel

So do you know what I meanBaby don't you know that

I love your snaggletooth

I see it poking when you laugh

And baby don't you know that

I love those pigeon toes

I hope that you get these pigeon lungs

Lung

OohAnd I held my ground

When I heard those sounds

Coming out

And I must have cried

When I held those handsSo do you know what I mean

So do you know how I feel

So do you know what I meanAnd I will try my best

To take this big old hen

And I will know his name

And always feel the same

And I'll light up so bright

Any orange glow

And I'll light so bright

Any orange glowGlow

OohAnd I held my ground

When I heard those sounds

Coming out

And I must have cried

When I held those handsSo do you know what I mean

So do you know how I feel
So do you know So do you know
So do you know what I feel
