

# Heart of a Lion (Kid Cudi Theme Music)

## Kid Cudi

Please save a kid that needs some help  
And I can't begin to think of anything that could help  
But the weed is guaranteed indeed  
Just what I need  
How I feel upon a time  
So recent in time make me sad  
When I recollect how it use to be like David and Goliath  
Kinda like me and the Devil  
Tryna rip out my soul  
Tryna catch a nigga on sleep no no  
You can try again and I'll be ready  
Wont let you kill me in my dream like Freddy Kruger  
No I'm not no loser I'll see you in hell

At the end of the day, day  
My momma told me don't let no one break me  
Let no one break me  
At end of the day, day,  
Nobody, nobody, ever could stop me  
Ever could stop me  
At the end of the day, day  
You cant regret it if you were trying  
If you were trying  
At the end of the day, day  
I'm walking with a heart of a lion, yea

Please save a kid that needs some help  
And I can't see ahead of me so I'm moving stealth  
Hide and seek within a dream  
I seem to glide above my horror  
Though I feel I'll never be complete  
Inside the dark I borrow  
To proceed and remain intact  
My mental is so unstable  
And they talk and judge a man  
They have no clue of what I'm capable  
'til I show a side of me  
No one had thought could be within  
I told ya, no I'm not no loser

I'll see you in hell

At the end of the day, day  
My momma told me don't let no one break me  
Let no one break me  
At end of the day, day,  
Nobody, nobody, ever could stop me  
Ever could stop me  
At the end of the day, day  
You cant regret it if you were trying  
If you were trying  
At the end of the day, day  
I'm walking with a heart of a lion, yea

No, no, no, no, no, no, no yea no yea (the heart of lion)  
No, no, no, no, no, no, no yea no yea (the heart of lion)  
No, no, no, no, no, no, no yea no yea (the heart of lion)  
No, no, no, no, no, no, no yea no yea (yeah, yeah, yeah, yeah)

I'm just a kid who needs no help I've achieved  
A bigger thing no cash or check could be more blessed  
And if you would've seen the things I've seen  
Up in my slumber you'd be sure stay awake  
No need to run your fate would follow you  
You should know not for the faint at heart  
This world understands no cowards  
Its a goal a simple code I stay on the grind 'til the 25th hour  
And I know the fight in me is somewhere  
Hiding deep within I told you no  
I'll never let you drag me down to hell no

At the end of the day, day  
My momma told me don't let no one break me  
Let no one break me  
At end of the day, day,  
Nobody, nobody, ever could stop me  
Ever could stop me  
At the end of the day, day  
You cant regret it if you were trying  
If you were trying  
At the end of the day, day  
I'm walking with a heart of a lion, yea

No, no, no, no, no, no, no yea no yea (yeah, yeah, yeah)  
No, no, no, no, no, no, no yea no yea (yeah, yeah, yeah)

No, no, no, no, no, no, no yea no yea (yeah, yeah, yeah)

No, no, no, no, no, no, no yea no yea (yeah, yeah, yeah)

(Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah)
