I'm Missing You

Ali Campbell

I'm missing you
I really, really do
YeahSince you've been away
I've been down and lonely
Since you've been away
I've been dreaming of you
I try to understand the reason you left me
And what were you going throughOooh whoo oooh,
I'm missing you
Tell me why the road turns
Oooh whoo oooh,
I'm missing you
Tell me why the road turnsAs I look around
There are things to remind me
When I see your smile
It makes my heart fill with joy
I can still recall
The nights we spent together
But where are you running to?Oooh whoo oooh,
I'm missing you
Tell me why the road turns
Oooh whoo oooh,
I'm missing you
Tell me why the road turnsI'm missing you
I really, really do
I'm missing you
I really, really doSince you've been away
I've been down and lonely
Since you've been away
I've been dreaming of you
I try to understand the reason you left me
And what were you going throughOooh whoo oooh,
I'm missing you
Tell me why the road turns
Oooh whoo oooh,
I'm missing you
Tell me why the road turnsSince you've been away
I've been down and lonely
Since you've been away

I've been dreaming of you
I try to understand the reason you left me
And what were you going throughOooh whoo oooh,
I'm missing you
Tell me why the road turns
Oooh whoo oooh,
I'm missing you
Tell me why the road turns
Oooh whoo oooh,
I'm missing you
Tell me why the road turns
