

# One More Weekend

**Bob Dylan**

Slippin' and slidin' like a weasel on the run  
I'm lookin' good to see you yea, and we can have some fun  
One more weekend, one more weekend with you  
One more weekend, one more weekend will do  
Come on down to my ship, honey, ride on deck  
We'll fly over the ocean just like you suspect  
One more weekend, one more weekend with you  
One more weekend, one more weekend will do  
We'll fly the night away  
Hang out the whole next day  
Things will be okay  
You wait and see  
  
We'll go someplace unknown  
Leave all the children home  
Honey, why not go alone  
Just you and me  
Comin' and goin' like a rabbit in the wood  
I'm happy just to see you, yeah lookin' so good  
One more weekend, one more weekend with you  
One more weekend, one more weekend will do, yes it will  
Like a needle in a haystack, I'm gonna find you yet  
You're the sweetest gone mama that this boy's ever gonna get  
One more weekend, one more weekend with you  
One more weekend, one more weekend will do
