

# Sunlight

## Sandra van Nieuwland

She's trying to be kind to herself  
    Doesn't help  
    She's hiding  
Her cave, her own wishing well  
    Broken spells  
    Scattered on the flow  
    Waiting for sunlight  
    No modest dreams  
    Or silent hope  
    To hold on to  
She finds escape in sleep  
    Someone's daughter  
    Treading water  
She's waiting for sunlight  
    Waiting to be warmed  
    By a soft sun kiss  
    Before it gets too dark  
Before you cross that line  
    Know you'll always be  
    Sunlight  
You don't have to change  
    Don't even have to try  
    Know you are to me  
    Sunlight  
    You keep me warm  
You keep me warmShe dives for ocean shells  
    Who can tell, the current pulls her  
    She's a siren without a song  
    Beautiful, but doesn't belong here  
    She's waiting for sunlight  
    Waiting to be warmed  
    By a soft sun kiss  
    Before it gets too dark  
Before you cross that line  
    Know you'll always be  
    Sunlight  
You don't have to change  
    Don't even have to try  
    Know you are to me

Sunlight  
You don't have to change  
You keep me warm  
You are sunlight  
You don't have to change  
You keep me warm  
You are sunlight  
You keep me warm
