

Gonna

Blake Shelton

I'm gonna take you for a date
Take you for a ride
Gonna get you over there on the passenger's side
I'm gonna put the radio on your favorite song
I'm gonna crank it up and get you singing along Hey, hey (Hey, hey)
Alright (alright)
Girl I'm diggin' on hittin' on you tonight
It ain't maybe, it's open now
Wishing a woman
It's the damn right
Hold you tight, baby I'm gonna So what's it gonna take?
What's it gonna be?
We can pump it on the boulevard
Or kick it in the country
Me and you, you and me,
Money back, guaranteed
Love you every night in Daytona, I'm gonna Hey, hey (Hey, hey)
Alright (alright)
Girl I'm hittin' on you tonight
It ain't immediate, it's open now
Wishing a woman
It's the damn right
Hold you tight, baby I'm gonna Love you all night long
Till the cricket starts trippin'
Girl I ain't just flirting, I'm certain
I'm working on a long term plan
Gonna be your man
Gonna put a little rock steady on your hand Hey, hey (Hey, hey)
Alright (alright)
Girl I'm hittin' on you tonight
It ain't maybe, it's open now
Wishing a woman
It's the damn right
Hold you tight, baby I'm gonna Hey, hey (Hey, hey)
Alright (alright)
Girl I'm hittin' on you tonight
It ain't maybe, it's open now
Wishing a woman
It's the damn right

Hold you tight, baby I'm gonna
