

I Can't Let You Go (Chantzis & Vanspauwen Remix)

[Ian Van Dahl](#)

Since you're gone
Everything looks so empty
Without you
Nights are so cold Can you tell
Tell me how to convince you
Please come back
I won't let you down I won't let you down I can't let you go
Why can't you stay
I still wonder why
I can't let you go
Why can't you stay
Give it one more try
I can't let you go I can't let you go And I hope
One day you will forgive me
If I could
I would turn back time Don't you know
That I'm thinking about you
If you knew
Would you change your mind Would you change your mind I can't let you go
Why can't you stay
I still wonder why
I can't let you go
Why can't you stay
Give it one more try I can't let you go I can't let you go
