

Butterball

Flashlight Brown

Can I take you to the movies?
They will make you fat and ugly,
So no other boy will look your way
And you'll be mine all mine every single day
My little butterball wouldn't go anywhere, without her man
Take her to the beach and she's ignored
And if she weren't so God damned pretty,
She'd be mine
Can I fuck you on the red eye?
Travelling hours with your best guy
I'm make all the passengers die
So no other boy will look your way
And you'll be mine all mine every single day
If I wasn't quite so boring in bed
If I made more money at my job
If I played in a cooler band than him
And if she weren't so God damned pretty, she'd be mine
