## **Any Trouble**

## **Glen Campbell**

Don't go
To any trouble
You know

I won't be here longHold me like a breath

You can count on me to 10

And any trouble you got

Will be goneDon't go

To any bother

Your mother may

Never layDon't go

And make a fuss

And you will forget about us

And any trouble you got will fade awayDon't pin your hopes

Don't pin your dreams

On misanthropes

And guys like me

Don't pin your hair,

Let it hang down

Don't go to any trouble on my accountDon't go

To any trouble

You know

I must say, So longDon't hold me like a trial

It's only for a little while

And any trouble you got

Will be gone

Any trouble you got will fade

Any trouble you got will fade away
