

Midnight

ELAN

Between the lines I get it, all ready when you spoke to me last night,
Don't think I don't know what's goin on here, be sure I didn't come to steal your life. You leave before
midnight, you're standing in the bright lights,
Dont be afraid, don't be afraid to come back to me.
You leave before midnight, you're standing in the back lights,
Don't be afraid, hey, don't be afraid to come back to me, yeah. And in disguise I'll come to you, darling tonight,
you will walk outside your door,
Don't be surprised if I told you, I'm not as strong as you were told. You leave before midnight, you're standing
in the bright lights,
Dont be afraid, don't be afraid to come back to me.
You leave before midnight, you're standing in the bright lights,
Dont be afraid, hey, don't be afraid to come back to me. Coz no-one's gonna know if you stay or if you go,
If you do or if you don't, at least you won't be long, it won't be long.
No-one's gonna know if you stay or if you go,
If you do or if you don't, at least you won't be long, it won't be long. [Chorus] Yeah, woah, woah, yeah, don't be
afraid to come back to me, yeah,
Woah, woah, yeah, don't be afraid to come back to me, yeah,
Woah, yeah, yeah, don't be afriad to come back to me.
(Leave before midnight, standing in the back lights),
Oh yeah, don't be afraid to come back to me, yeah.
