Come Back To Me

Skee-Lo

If you don't mind
(If you don't mind)
We'd like to play somethin'
(Play somethin')Gloria, pick up I know your there
Stop frontin' just pick up
Aight look, look I know I messed up
But check it out just listenI'm leavin' you this message spotly 'cause I miss you
I didn't mean to diss you but sometimes I slip, ya got me
Stumblin' over boulders, lookin' over my shoulders
Hopin' you're behind me but the sun blinds my visionNo competition 'cause I'm wishin' and hopin'
That we could go to Canada, and Ann Lee lopin' but nopin'
I know you caught playin' with your heart
Shoulda known that I was up to no good from the startLittle Hoodrat who's that guy I saw you walkin' with
Talkin' with, actin' like he's wit ya
Just like 2 Pac you know I get around
But I didn't mean to get around with your little sisterThink I was lookin' for your friend so let me try again
To prove myself 'cause I don't want nobody else
It's been seven hours and 16 days since you took your love away
So I just want to say that you shouldCome back to me, come back to me
Baby, baby please come back to me
Come back to me, come back to me
Baby, baby please come back to meOh, stacker, cracker I'm the one who's badder
One step, two step, three step four
Oh, are you sure that you really want to leave me
I tell you that I love you but I don't think you believe meI never meant you any wrong my dear
Besides yo you can't believe everything you hear
So just like Stevie I wonder is there water all under the bridge
It's thrillin' but lately I've had this strangest feelin' like JodeciI'm goin' through the emotions so baby won't you just stay okay
I'm tryin' to get you offa my mind but you just won't go away
In fact just the other day I was coolin' at a party on a Friday
Doin' things my way chillin' with my cousin Shareef
A girl walks my way couldn't say get away
'Cause then again it goes against my Islamic believesSo I'm a big game to get to know the honeys name
'Cause you know that I was lookin' for a real good time
She was fine so I kicked a few lines
But I couldn't get ya out my mind, get ya out of my mind, soCome back to me, come back to me
Baby, baby please come back to me
Come back to me, come back to me

Baby, baby please come back to meCome back to me, come back to me
Baby, baby please come back to me
Come back to me, come back to me
Baby, baby please come backAll the real good ships of lollipops
Stop for a second and listen to ya heart
And if ya still say no then I'm gonna have to let you go with it
And wave goodbye and give one last cry'Cause I'm not goin' to take it no more so don't do that
Can't keep breakin' my heart so don't pursue that
Time has been wasted time has been spent
Pain is the essence but not my intentSo gaze through the woods and stop through the meadows
'Cause I love Lucy like Bill love Jello
And if you ever change your mind one day
Then you know where I stay just a block away and I wait for you toCome back to me, come back to me
Baby, baby please come back to me
Come back to me, come back to me
Baby, baby please come back to meCome back to me, come back to me
Baby, baby please come back to me
Come back to me, come back to me
Baby, baby please come backDo you like the music, do you, do you like the music
Hey, you ruined my record man I just bought it
