Don't Bring Me Down

Sia

Faint light of dawn I'm listening to you Breathing in and breathing out Needing nothing You're honey dipped You are beautiful Floating clouds, soft world I can't feel my lipsI'm going down I don't want to change I'm going down Going down the drainDon't bring me down I beg you Don't bring me down I won't let you Don't bring me downThen all of that's annulled And I'm anyone's everyone's We are one Your face becomes the sunAnd I'm addicted To the joy that the little things Those little things The little things they bringI'm going down I don't want to change I'm going down Going down the drainDon't bring me down I beg you Don't bring me down I won't let you Don't bring me downSo now for restless mind I could go either wayI'm going down I don't wanna change I'm going down Going down the drainDon't bring me down I beg you Don't bring me down I won't let youDon't bring me down I beg you Don't bring me down I won't let youDon't bring me down I beg you

Don't bring me down

I won't let youDon't bring me down
I beg you
Don't bring me downThere's nothing left to choose
And so I fight a war in my head
Stay the night, protect me
