

Yes Daddy

Claire Tchaikowski

Yes Daddy I had a life before you
Oo do you mind toning it down
Yes Daddy you have a wife before you
Oo do you mind me seeking you out

Say you won't, say you won't leave even when I know you well
Say you won't, say you won't leave

Yes Daddy I have arrived without you
Oo do you mind stepping aside
Yes Daddy I have a mind to doubt you
And oo do you find it hard to decide?

Yes Daddy I couldn't find the engine
Have I time to rummage around?
Yes the fear of you in unconnected
And oo do you mind if I hold out my hand?

Say you won't, say you won't leave even when I know you well
Say you won't, say you won't leave
