

# Champion (ft. Chris Brown)

## Chipmunk

Some people have to learn  
Some people wait there turn  
Some people have to fight  
Some people give it up They wanna hold you back, tell 'em pee off  
Whenever they say you can't, take the T off  
I remember when they told me I couldn't be famous  
Now my dream and reality is simultaneous And work your own way to the top  
If they put you on a pedestal they can take you off  
And there's a higher level than the top  
You gotta make more, don't do with what you got Yeah, so get it in go sunny  
Not everybody gets a second chance at getting money  
Or even getting lucky so you gotta feel  
The hunger in your tummy I'm always pushing myself to the limit  
Making sure I stay ahead  
You made me who I am, from the words you said Some people have to learn  
Some people wait there turn  
Some people but not me  
I was born a champion Some people have to fight  
Some people give their lives  
Some people don't believe  
I was born a champion  
But I was born a champion  
But I was born a champion This gon be the realest shit I ever wrote  
Off the record, no camera's, forget a quote  
Some of my family doing good, most doing dope  
I from Virginia where they hang the n-ggas by rope I used to see my momma getting beat down!  
Is that the real definition of me now?  
I fell off, back on my feet now  
Headed to the sky, can't even see down Award shows, I poured my heart out  
And people still steady tryna point my flaws out  
And I'd be lying if I said it ain't get to me  
But I'm a champion, legend, history I'm always pushing myself to the limit  
Making sure I stay ahead  
You made me who I am, from the words you said Some people have to learn  
Some people wait there turn  
Some people but not me  
I was born a champion Some people have to fight  
Some people give their lives  
Some people don't believe

I was born a champion  
But I was born a champion  
But I was born a championImagine you was the one, that couldn't get a look in  
Couldn't get a booking  
Couldn't get a push in when you needed a shove  
Or your buttons they be pushing  
So now they tryna shush him  
It's only you believing in you  
They turn you into a bastard than moment you rude  
Attitude a little out of tune  
But thats how champions move  
Yeah so go and get it in sunny  
Not everybody gets a second chance at getting money  
Or even getting lucky  
So you gotta feel the hunger in your tummyI'm always pushing myself to the limit  
Making sure I stay ahead  
You made me who I am, from the words you saidSome people have to learn  
Some people wait there turn  
Some people but not me  
I was born a championSome people have to fight  
Some people give their lives  
Some people don't believe  
I was born a champion  
But I was born a champion  
But I was born a championNo-one wants to help  
I guess you're on your own  
Build a foundation with the bricks they throw  
In a black and white World, True colors show  
Change if you want, everybody grows  
Life's like an ill, but try and get a hold  
Opinions ain't fact, take em and let em goYou made me who I am from the words you saidSome people have to  
learn  
Some people wait there turn  
Some people but not me  
I was born a champion (champion)Some people have to fight  
Some people give their lives  
Some people don't believe  
But I was born a championSome people have to learn  
Some people wait there turn  
Some people but not me  
I was born a champion (champion)Some people have to learn  
Some people wait there turn  
Some people but not me  
I was born a champion

But I was born a champion
