

(I Do) Like We Do

[Harry Connick, Jr.](#)

People say together forever and a lot of em mean it too
No one does I do like we do
Fireworks fade into fireflies
Once the honeymoon's through
They don't do I do like we do
Nobody got a you like me
Nobody got this history
Of the good times and the hard times and the wild times
We been through
Nobody got a me like you
And I ain't much but this much is true
