

My Home's A Site To See

Marvin Morrow

My Home's a Sight to See

My old house ain't much too look at but my Home's a sight to see

This old house of mine ain't pretty; it's decaying more each day

The roof could use some fixing, and the paint is falling away

But when you look at it my friend don't feel sorry for me

My old house ain't much too look at but my Home's a sight to see

â€‹Chorus:

My home sits by a Crystal stream on the street of Gold

Nothing down here can compare to each beauty I've been told

It will never need repairing, It will last eternally

My old house ain't much too look at but my Home's a sight to see

All the houses on this earth are made from the clay

The wind the time blows on them and there beauty fades away

But my home is not of this world it was bought at Calvary

My old house ain't much too look at but my Home's a sight to see
