Tang

The 69 Eyes

Hey you uptown jam-house mama
Such a superfly
Days go in dusty dreams
Nights with Doctor White
C-jams in cadillacs
Help you to get your wings tonite
Number 3 takes to paradise
With the genuine snowbird eyes
I could see really easily
You got a monkey on your back
You ain't no better than a rat on crack
I could see really easily
Your tang is hungry
So hungry for that nose-candy, nose-candy

How to make your love come down without
Some dynamite
White girl you've gone too low
School boys callin' you Lady Snow
I could see really easily
You got a monkey on your back
You ain't no better than a rat on crack
I could see really easily
Your tang is hungry
So hungry for that nose-candy, nose-candy
I can tell ya whatcha wanna
You're an uptown mama
Wanna-wanna-wanna
Superfly mama
