

Niton (The Reason) [Club Mix]

[Eric Prydz](#)

You are the reason why
Years fly by, and I don't find
The strength I need to grow
I know, I know Enemies, they stand in line
I'm on my knees, and I can't find
The words I to let you know
I know, I know, I know You are the reason why
Years fly by, and I don't find
The strength I need to grow
I know, I know Enemies, they stand in line
I'm on my knees, and I can't find
The words I to let you know
I know, I know, I know
