RÃ¶yksopp

You should be happy
You should be happy
You should be really happy
I saved your life today
I didn't kill you
Although I meant to
You should be happy

Another societal break down
Another societal break down

Another societal break down
Another societal break down

Bam, kicked it up a big notch

What did you do to me?
What did you do to me?
I gotta get another hit off your energy
Cruising in neutral, you came into my life
I dropped in from the top
Took off and carved a big slice
Another societal break down
Another societal break down
Another societal break down
And I don't need it around
I'm the king of the
