

# Break Up

## Alexandre Desplat

I crawl out of sight for you, dear  
I melt with the night, i disappear.  
I won't have more fun with you.

Never get drunk with you.

I'll let you go for good.I pulled it apart for you, dear.

I wait for my heart to shift gear.

I'll never sleep late with you.

Never get baked with you.

I let you down for good.I'll never go back to you.

never shoot swank with you.

I'll let you go for good.(3X)
