

# Room at the Top

## Adam and the Ants

Once is never enough  
Never is and never was  
Here and now is all that counts  
Here and now in large amounts Be beautiful but shut up  
The going can be real tough You can keep your fancy bars  
Clubby friends and fast cars  
And when the going gets hard  
You can eat your credit cards I really tried to fight it  
But what the hell I like it There is always room at the top  
Don't let them tell you that there is not  
Made in England born and bred  
An eighteenth century brain  
In a twenty first century head If some of this fits some of you  
Or like the things that you might do  
It's the pleasure and the pain  
That makes us do it all again They say be beautiful and shut up  
The going can be real tough There is always room at the top  
Don't let them tell you that there is not  
Made in England born and bred  
An eighteenth century brain  
In a twenty first century head Room at the top - so eighteenth century  
Room at the top - so eighteenth century  
Room at the top  
There's always room Room at the top - so eighteenth century (move over)  
Room at the top - so eighteenth century (move over)  
Room at the top  
There's always room There is always room at the top  
Don't let them tell you that there is not  
Made in England born and bred  
An eighteenth century brain There is always room at the top  
Don't let them tell you that there is not  
Made in England born and bred  
An eighteenth century brain There is always room at the top  
Don't let them tell you that there is not  
Made in England born and bred  
An eighteenth century brain There is always room at the top  
Don't let them tell you that there is not  
Made in England born and bred  
An eighteenth century brain
