

A Quick One While He's Away

Green Day

In parentheses are the different parts of the song
Enjoy!

" I. Her man's been gone"

Her man's been gone
For a night on a year
He was due home yesterday
But he ain't here

Her man's been gone
For a night on a year
He was due home yesterday
But he ain't here

"II. Crying town"

Down your street your crying is a well know sound
Your street is very well know throughout your town
Your town is very famous for a little girl
Who's crying can be heard
All around the world

(oooo's)

"III. We have a remedy

We have a remedy
You'll 'appreciate
No need to be so sad
He's only late
He'll bring us lots of things
For that your time
we'll give him eagle's wings
So he can fly to you

(falalalala's)

We have a remedy

Falala la la lala (x3)

We have a remedy!
We have!

Little girl stop your crying!
Ivor the engine driver's gonna make you feel all right

"IV. Ivor the engine driver"

My name is Ivor
I'm an engine driver

I know him well
I know why you feel blue
Just 'cuz he's late
Don't mean he'll never get through

He told me he loves you
He ain't no liar, I ain't either
So lets have a smile for an old engine driver
Lets have a smile for an old engine driver

"V. Soon be home"

I'll soon be home
I'll Soon be home
I'll soon
Soon soon soon be home!
(x2)

Come on ol' horse

Soon be home
Soon be home
Soon
I'll soon soon soon be home

"VI. You are forgiven"

Dang, dang, dang, dang, dang, dang, dang dang

Jerald Jerald Jerald Jerald Jerald Jerald Jerald
Jerald Jerald Jerald Jerald Jerold Jerald Jerald
jerrald jerrald jerrald jerrald jerrald jerrald jerrald

jerrald jerrald jerrald jerrald jerrald jerrald jerrald

I don't believe it
Do my eyes deceive me?
Am I back in your arms?
Away from all harm?

It's like a dream to be with you again!
Its like a dream to be with you, again!

I missed you when
I must admit
I kissed a few
And once did sit
On Ivor the engine drivers lap
And later with him
Had a nap!

You are forgiven
(repeating)

Your all forgiven!
