

# 50 Million Year Trip (Downside Up)

## Kyuss

I am dreaming  
I am rolling  
(You can't stop me)  
I am hiding  
I am running  
(You can't stop me) But I'll never forget you in any way  
But I'll never forget you in any way  
But I'll never forget you in any way  
But I'll never forget you I am dreaming  
I am rolling  
(You can't stop me)  
I am running  
I am rolling  
(You can't stop me) But I'll never forget you in any way  
But I'll never forget you in any way  
But I'll never forget you in any way  
But I'll never forget you Soon I came to realize  
as this world began to turn  
That never could I stand here and return No fool for you, in this I am  
Under the corner of your mouth (your mouth)  
Fight this fear  
Fight this fear
