

# Linda Mujer

## El Chaval de la Bachata

Every time I see you  
I just wanna meet you  
Say hello, how you doing?  
What are you doing tonight?  
We should hook up tonight  
Have some fun tonight, is that alright?  
I love your smile, you smile so bright  
I'll compliment you all night, that's no problem  
If you got flaws I can't spot 'em  
You ain't got 'em  
From top to bottom, baby, you got it  
And I want it classy [unverified]  
One of the finest girls I've ever seen  
You and me would be a good thing  
You can depend on me  
Ven aqui take a chance on me  
I guarantee I'll do whatever it takes  
To make you feel happy  
Just treat me right and I'll be right  
The only thing you'll need tonight  
And every night I'll tuck you in  
To make sure you're sleeping tight  
Blow out the candle lights  
And kiss you goodnight  
Linda Mujer tu sabes  
Bien que te quiero baby  
You drive me crazy  
Such a classy lady  
Such a lovely lady  
I think I love you baby  
Linda Mujer  
Tu sabes bien  
Que Te quiero  
Y por tu Amor  
Yo si que muero  
I saw you kicking back down the block  
You stole my breathe I couldn't talk, couldn't walk  
Couldn't breathe, please don't leave  
You might be the one I need

Hopefully we'll talk eventually  
Do you mention me?  
When you talk to your friends  
Oh, how I hope you do  
I wanna get close to you  
Do notice me? I notice you  
I love everything you do  
I don't even know you  
But I want to, do you want me?

'Cause I want you and I'll do what I got to  
Every time I dream it's about you  
There's something about you  
There's something else  
Couldn't see myself with no one else  
Just the little things you do  
That really gets me digging you  
Linda mujer tu sabes  
Bien que te quiero baby  
You drive me crazy  
Such a classy lady  
Such a lovely lady  
I think I love you baby  
Linda Mujer  
Tu sabes bien  
Que Te quiero  
Y por tu Amor  
Yo si que muero  
You're so sophisticated and I hate it  
Gots me intimidated, I've got things to say  
And I can't say 'em  
Rather make this slow jam and play it  
Dedicate it to you by the man who made it  
Let me be your favorite thing  
Head of your devil things  
You can tell me how you feel  
Baby, I'm for real, believe me  
I know what you mean, my love is king  
Let me crown you with my heart  
I think were wasting time and I think we should start  
Well, it's getting dark  
Better let you go, where do you live  
And can I get you home  
Do you have a phone I can reach you at?  
A favorite place where I can meet you at?

Get together and have a drink or two  
And let you know just how much I think of you

Linda mujer tu sabes  
Bien que te quiero baby  
You drive me crazy  
Such a classy lady  
Such a lovely lady  
I know I love you baby

Linda Mujer  
Tu sabes bien  
Que Te quiero  
Y por tu Amor  
Yo si que muero
