

Goodbye Heartbreak

Aubrey O'Day

Don't be blind in all the fated life
Something great is happening in your life
But all the noise is drowning out your voice No wonder you've been feeling down from time to time
You know that you'll survive, the day you realize
You can't stop day from turning into night Hey, you know you're gonna live to find another day
It's just today things ain't so good, get yourself back again
You've got so much love that you can't afford to lose Goodbye heartbreak, don't look for me
'Cause I don't need you, now
So long heartache, don't look for me
'Cause I don't need you now I don't need you now
I don't need you now
I don't need you now
Hey I don't need you now
I don't need you now
I don't need you now
Hey Do you remember as a girl, you had a picture of the world
And you'd think about the great things you would find?
The thing is 9 to 5 and a struggle to survive
Ain't exactly what you had in mind
But that's the beauty of life, it takes a while to find
And you can't have things your own way all the time Hey, you know you're gonna live to find another day
It's just today things ain't so good, get yourself back again
You've got so much love that you can't afford to lose Goodbye heartbreak, don't look for me
'Cause I don't need you, now
So long heartache, don't look for me
'Cause I don't need you now I don't need you now
I don't need you now
I don't need you now
Hey I don't need you now
I don't need you now
I don't need you now
Hey Goodbye heartbreak, don't look for me
'Cause I don't need you now
So long heartache, don't look for me
'Cause I don't need you, now I don't need you, now
I don't need you, now
Ain't so good
That you can afford
