

# Wasting My Time

## Spice Girls

Baby, who was the one who treated you so bad that  
You felt that you had to do to me what she had done to you?  
Now you prove everything that my friends had told me  
About you was true, now it's over and we're through  
You thought you'd play me and have things your way  
So can you blame me for walking away?  
What did I do to be treated so bad?  
Now you have lost me and I was the best thing you'd ever had  
You think that I don't know what's going on  
But I know with you I just be wasting my time  
I can't keep holding on  
'Cause I know with you I just be wasting my time  
Can't you see that the things you said and did  
Never had me believe that you saw something special inside of me?  
Now you seem to think that you can't live your life without me  
Sorry, baby you can't do this to me  
You thought you'd play me and have things your way  
So can you blame me for walking away?  
What did I do to be treated so bad?  
Now you have lost me and I was the best thing you'd ever had  
And you think that I don't know what's going on  
But I know with you I just be wasting my time  
I can't keep holding on  
But I know with you I just be wasting my time  
I don't know what's going on  
But I know with you I just be wasting my time  
I can't keep holding on  
But I know with you I just be wasting my time  
Now you know that I can't live without you  
You should see that it's not all about you  
This time you played too many games  
Now it's time to see that I won't waste my life, no not me  
And you think that I don't know what's going on  
But I know with you I just be wasting my time  
I can't keep holding on  
But I know with you I just be wasting my time  
And you think that I don't know what's going on  
But I know with you I just be wasting my time  
I can't keep holding on  
But I know with you I just be wasting my time  
I don't know what's going on  
But I know with you I just be wasting my time  
I can't keep holding on  
But I know with you I just be wasting my time  
I don't know what's going on  
But I know with you I just be wasting my time  
I can't keep holding on  
But I know with you I just be wasting my time  
You think that I don't know
