

# Lovin' Up A Storm

[Jimmy Page, John Paul Jones, Albert Lee with Nicky](#)

Oh, when our kisses fly like oak leaves  
Caught in a gust of the wind  
My heart beats fast as a clickty-clack  
Like a train goin' round a bend I call that lovin' up a storm  
I said that's lovin' up a storm  
Well, it's good for you, honey  
It won't do you no harm Ah, when a we get with it darlin'  
All I can hear is a sigh  
Somethin' touches you deep in your heart  
Like it's lightin' from the sky I call that lovin' up a storm  
Oh, lovin' up a storm  
And it's good for you, baby  
It won't do you no harm, oh Oh, when we're embracing darlin'  
I get wild as a hurricane  
And when we kiss 'Great Balls of Fire'  
Ice-water's runnin' through my vein I call that lovin' up a storm  
Oh, lovin' up a storm  
Well, it's good for you, baby  
It won't do you no harm Well, it's good for you, baby  
It won't do you no harm  
Uh, it's good for you, baby  
It won't do you no harm
