Leaves

Primal Scream

All I ever wanted
Was a chance but you
Are never one to change
All of the excuses
That I've heard from you
Are as tired as they are lameCannot rhyme nor reason with
Your actions anymore
Oh I guess I should be leaving
I won't miss you when you're goneIf you care about me
Iike you say you do
Then why are we this way
Care for no one else
Except yourself it's true
No matter what you sayChorusAnd all those promises you've made
Were never kept
You know you're lyin'
When you say that you forgot
That you'd for - oh
Just go away, just go awayChorus
