

Something Special (& James Newton Howard)

[Randy Newman](#)

All dressed up nowhere to go
Looks so easy but it isn't you know
Hard to find what you're dreamin' of
But there's something special about our love Different people different worlds
You just call me and I'll be there for you
We belong together you know it's true
Cause there's something special about our love It's all right
Baby it's ok
We're gonna make it no matter what they say
Sure as the stars shine in the sky above
There is something special about our love People change as time goes by
Others come between
But I'll love you 'til the day I die
Cause there's something special 'bout you and me
Something special about our love
