

# 1-2 Crush On You

## The Clash

Standing in the queue of a school canteen  
Guys on the corner they were laughing at me  
But I don't mind if they see it all  
You know I gotta come clean, I gotta clean  
Ooh I got a crush on you My mind don't need it but my body do  
A little bit of loving and attention from you  
Although we're only strangers  
They don't need to know  
I gotta come clean, I gotta come clean  
Ooh, I got a crush on you I wanna get serious right away  
One two, I got a crush on you  
What you doing' today or any other day?  
One two, I got a crush on you  
Just one looks an I go insane  
One two, I got a crush on you, it's true Your daddy never comes to get you  
'Cos he lives so far away  
But his I-talian chauffeur shows up every day  
But I'll get you in the corner, I'll get you all alone  
I gotta come clean, I gotta come clean  
Ooh, I got a crush on you I wanna get serious right away  
One two, I got a crush on you  
What you doing' today or any other day?  
One two, I got a crush on you  
Just one looks and I go insane  
One two, I got a crush on you, it's true One two, I got a crush on you  
One two, I got a crush on you  
One two, I got a crush on you  
I said "One two, I got a crush on you" Why should I get a crush on you?  
Why should I get a crush on you?  
Why should I get a crush on you?  
Why should I
