Someone Who Can Dance (I M Alec Remix)

Working at the video store
(Every day so boring, I just dream away!)
DVDs are gone for life, we just get online and go to Pirate Bay
Tripping like I'm on the moon and when I think of being in the disco light!
Give me that bass right up in my face
I want glitter on the floor tonightI want nothing like the others
I get more than I can take
I want nothing like the others
Give more than I can takeI want someone who can dance
Not someone I can talk to
I want someone who can dance
I want someone who can dance
Not someone I can talk to
I want someone who can dance
I want someone who can dance
Not someone I can talk to
I want someone who can dance!Feeling like a superstar in this boring bar, with my lipstick on
Body getting tense, waiting for my friends, I wonder where the hell they are
We can rule the world, where we go, we never stand in line
Seven days a week, now we never sleep, I want glitter on the floor tonightI want someone who can dance
Not someone I can talk to
I want someone who can dance
I want someone who can dance
Not someone I can talk to
I want someone who can dance (Ah ha, just tell me you can dance)
I want someone who can dance (Ah ha)
Not someone I can talk to (Ah ha)
I want someone who can dance (ah ha, just tell me you can dance)Heat it up, you can do it
Blisseh, what now
You can bring it, yeah, you swag it
Sweat up your face
Mmm looking bomba, you full power
Wanna [?], don't want talk
I want love
Who can dance, just tell me you can danceOh, I'm not insane (oh no, I'm not insane)
No, I'm not insane
We are not insane
No, we're not insane

(I want someone who can dance)
Oh, I'm not insane
(I want someone who can dance, not someone I can talk to...)
No, I'm not insane
(I want someone who can dance, not someone I can talk to...)
They are not insane
(I want someone who can dance, not someone I can talk to...)
No, I'm not insane
(I want someone who can dance, not someone I can talk to...)I want someone who can dance
Not someone I can talk to
I want someone who can dance
(Who can dance, just tell me you can dance)
I want someone who can dance (Ah ha)
Not someone I can talk to (Ah ha)
I want someone who can dance
(Who can dance, just tell me you can dance)If you look away, I make out with someone else (Yeah!)
If you look away (Oh)
If you look away, I make out with someone else (Ha!)
If you look away (don't look away...)
I want someone who can dance!
