

# Pandemonium

## Pet Shop Boys

Is this a riot or are you just pleased to see me?  
Why aren't we holding hands and talking sweet?  
I love you really though I know no one believes me  
    There's chaos every time we meet  
    Oh, now look what you've gone and done  
    You're creating pandemonium  
    That song you sing means everything to me  
    I'm living in ecstasy  
    The stars and the sun dance to your drum  
    And now it's pandemonium  
You're crashing everywhere, it's like you're smashing china  
    Skidding on an icy road  
You're major trouble since you were almost a minor  
    I sometimes think we'll both explode  
    Oh, now look what you've gone and done  
    You're creating pandemonium  
    That song you sing means everything to me  
    I'm living in ecstasy  
    The world's gone mad, what did you do?

Telling perfect strangers that I love you  
The stars and the sun dance to your drum  
    And now it's pandemonium  
    I can't make sense of anything  
    All I know is the party's in full swing  
    If we both just stop for a minute  
    I'd declare war and then you'd win it  
To tell you the truth I thought I was shockproof  
    Until I saw what you get up to  
When you think about it it's quite an achievement  
    That after all I still love you  
    Oh, now look what you've gone and done  
    You're creating pandemonium  
    That song you sing means everything to me  
    I'm living in ecstasy  
    The world's gone mad, what did you do?  
    Telling perfect strangers that I love you  
    The stars and the sun dance to your drum  
    And now it's pandemonium
