

# Try with Me

## Dj Mixer

And you said, leave your keys on the counter  
And you said, call me back at eight  
I don't care, that you left me there for hours  
But you said, we had what it takes  
Why's it feel like you're there  
When you're already gone  
Why's it feel like you care  
When I know that you don't  
Everybody needs a chance at love  
That's all we need  
If you wanna have a chance at us  
Then try with me  
Too proud for love, he tells me  
Too hurt to give it one more shot  
Don't draw me in, he warns me  
But now it's too late to give up  
So don't say, you leave your keys on the counter  
And don't say, you call me back at eight  
Why's it feel like you're there  
When you're already gone  
Why's it feel like you care  
When I know that you don't  
Everybody needs a chance at love  
That's all we need  
If you wanna have a chance at us  
  
Then try with me  
Don't say a word  
If you know that it hurts  
You know that it hurts  
You know that it hurts  
Don't say a word  
If you know that it hurts  
You know that it hurts  
You know that it hurts  
Why's it feel like he's there  
When I know that he's gone  
Why's it feel like he cares  
When I know that he don't

Everybody needs a chance at love  
That's all we need  
If you wanna have a chance at us  
Then try with me  
Don't say a word  
If you know that it hurts  
You know that it hurts  
You know that it hurts  
Don't say a word  
If you know that it hurts  
You know that it hurts  
You know that it hurts
