Not the Way That I Do

Fantasia

[Incomprehensible]She might be the type to let you run all over her
But thats just not the way that I do
Believe me if I let you get a sniff of the whiff
You gon do things the way that I doBetter see what the hits you give before you try to make a pitch
Recognize why it ain't you
Only reason why Im takin' just can't everybody give me
'Cause it just ain't the way that I doBy the walk and the way I talk, Im givin' you love
The game many I loss by making you fuss
Too many girls in the house with hearts strung out
Complain when they running they mouth but they like meSayin' just enough, I ain't gotta ever do
Settling is takin' you home
I ain't in it for the minute no pass lives and gimmicks
Next time that ya see me youll see why the niggas love meShe might be the type to let you run all over her
But thats just not the way that I do
Believe me if I let you get a sniff of the whiff
You gon do things the way that I doBetter see what the hits you give before you try to make a pitch
Recognize why it ain't you
Only reason why Im takin' just can't everybody give me
'Cause it just ain't the way that I doAin't the way I do, hey, I do
Ain't the way I do, hey, I do
Ain't the way I do, hey, I do
Ain't the way I do, hey, I doWhats the reason you keep telling me you want me
Best believe in how we get down in the country
In the streets they know Im a beast but bud please
Ain't no pimpin, no P I M ping theyll beSo much for treating me like her, like her
Im 'bout to keep it deeper like what
How long are the violins gonna play
I dont follow no instructions, they just do what I sayShe might be the type to let you run all over her
But thats just not the way that I do
Believe me if I let you get a sniff of the whiff
You gon do things the way that I doBetter see what the hits you give before you try to make a pitch
Recognize why it ain't you
Only reason why Im takin' just can't everybody give me
'Cause it just ain't the way that I doShe might be the type to let you run all over her
But thats just not the way that I do
Believe me if I let you get a sniff of the whiff
You gon do things the way that I doBetter see what the hits you give before you try to make a pitch
Recognize why it ain't you
Only reason why Im takin' just can't everybody give me

'Cause it just ain't the way that I doI just wanna see what it be? Is it slick?
And its raised only in the country
It is thick, 'cause it's somethin' easy to get the lovin'
But youll see when you wind up lonelyNow if you know get into this is, recognize what it is
Runnin around ain't gon' be you
Only reason why Im takin' just what everybody give me
'Cause it just ain't the way I doAin't the way I do, hey, I do
Ain't the way I do, hey, I do
Ain't the way I do, hey, I do
Ain't the way I do, hey, I doShe might be the type to let you run all over her
But thats just not the way that I do
Believe me if I let you get a sniff of the whiff
You gon do things the way that I doBetter see what the hits you give before you try to make a pitch
Recognize why it ain't you
Only reason why Im takin' just can't everybody give me
'Cause it just ain't the way that I doShe might be the type to let you run all over her
But thats just not the way that I do
Believe me if I let you get a sniff of the whiff
You gon do things the way that I doBetter see what the hits you give before you try to make a pitch
Recognize why it ain't you
Only reason why Im takin' just can't everybody give me
'Cause it just ain't the way that I do[Incomprehensible]
