

# Bedside Table (7" Version)

## Bedhead

You cut your head on the bedside table  
Your temple bled as you were unable  
To remember the lines of what you were reading  
About someone deciding to quit speaking What I was just reading  
About someone deciding to quit speaking  
Began to dissolve into my lap  
As the words gave up their attempts at meaning  
Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
