

Breakaway (Glee Cast Version)

Glee Cast

Marley:
Who's to say
Who's not okay?
The breakaways
Will outlast, will outlast Jake:
Sticks and stones
Will break these bones
They're just some drones
To get past, I'll get past Unique and Ryder:
Feeling downcast,
Like an outcast
Underdogs, it's time to bite back Marley with Kitty and New Directions:
We are, we are, we are (Marley: We are!)
Stronger from every scar, (Marley: Scar!)
Brighter than any star (Marley: Star!) Marley, Jake and Kitty with New Directions:
We're the outcast, o-o-outcast Marley with Jake with New Directions:
There's nothing you can say (Marley: Say...)
To blow our dreams away
We rise above the fray, (Marley: The fray) Marley, Jake and Kitty with New Directions:
We're the outcast, o-o-outcast Ryder and Kitty:
In this skin, I'm better than
I've ever been, so take that, yeah, take that Marley and Jake:
The test of time will show who shines
It will be mine
Yeah, the last laugh, the last laugh Unique and Ryder (Marley):
Feeling downcast, (You're feeling)
Like an outcast (Like an outcast)
Underdogs, it's (Yeah!) time to Unique and Ryder with New Directions:
It's time to, time to bite back Marley with Kitty and New Directions:
We are, we are, we are (Marley: We are!)
Stronger from every scar, (Marley: Scar!)
Brighter than any star (Marley: Star!) Marley, Jake and Kitty with New Directions:
We're the outcast, o-o-outcast Marley with Jake with New Directions:
There's nothing you can say (Marley: Say...)
To blow our dreams away
We rise above the fray, (Marley: The fray) Marley, Jake and Kitty with New Directions:
We're the outcast, o-o-outcast Marley and Jake:
I'd rather be outrageous than Unique and Ryder:
Just another door pushing again Marley and Jake:

I'd rather be a rainbow than Ryder, Marley and Unique:
Just some Marley and Unique:
Shade of gray! Ryder (Marley):
We are, we are, we are
Stronger from every scar, (Yeah...)
Brighter than any star (Yeah...)
The outcast Jake:
The outcast, yeah... Marley with New Directions:
Stronger from every scar Kitty with New Directions (Marley):
The outcast, (Outcast!) o-o-outcast (Outcast!) Jake with New Directions (Marley):
(Oooh!) Brighter than any star (Oooh!) Kitty with Jake and New Directions:
The outcast, o-o-outcast (Jake: The outcast! Yeah...) Marley with New Directions (Unique):
We are, we are, we are (Yes, we are) the outcast, o-o-outcast
