

Rich Bitch

Trina

You've got me spinning around your tornado
Then keep on making ?
You've got me ? as soon as a ?
But you got nothing to say
It's the same old story
The same as the last time
How much more you think i can take
Play me like a fool and i'm down on my ?
Somehow i just can't get away
When i think of all your lies
Wonder what i ever did, to suffer you
We always make the same mistakes
This time i lay the burden down on you

I'll tell ya something i just don't understand
It's kind of tough to get a lesser man
Your so vain
?
I'm trying baby but i'm going insane
Out of my mind
Yeah
When i think of all your lies
Wonder what i ever did, to suffer you
We always make the same mistakes
This time i lay the burden down on you.
