

# Immortal Pleasures

Ace Frehley

C'mon Doc, let's have it.  
But the Krell forgot one thing...  
Yes, what?  
Monsters, John. Monsters from the Id. I've seen it all  
There's no more need for fighting  
And I've had pleasures  
Not known by mortal man  
I've seen every place  
There's no more need for searching  
I've got my guitar  
So catch me if you can Immortal Pleasures  
Immortal plans  
An Immortal life  
Fulfilled my demands  
I saw Olympus  
Not blinded by the light  
Majestic kingdoms  
Delight at my command  
I pushed my limits  
Protected by the powers  
I was a king  
But returned to be a man Immortal Pleasures  
Immortal plans  
An Immortal life  
Fulfilled my demands  
Immortal women, oh yeah!  
Immortal love  
Immortal Pleasures  
From powers up above  
The tree of life has many branches  
We're all connected, binded by love  
The Gods enjoy our many choices  
If we choose wisely then we have won I reached the top  
There's no more need for climbing  
I was a boy  
With my Immortal dream Immortal Pleasures  
Immortal plans  
An Immortal life  
Fulfilled my demands

Immortal women, oh yeah!  
Immortal love  
Immortal Pleasures  
From powers up aboveImmortal Pleasures  
Immortal plans  
An Immortal life  
Fulfilled my demands
