Shallow waters

Monsteriser

In the middle of the forest wild
He's kneeling in front of a pond so wide
Staring into dark and silent waters
He joins the stream taking the hand of otherSee how your brothers lay in waters
If you just let them hide their tearsShallow waters eating brothers
Darkest whirlpool let me pass
Stream of sorrow wide and narrow
Let this sad soul pass your halls
Shallow waters eating brothers
Darkest whirlpool let me pass
Stream of sorrow wide and narrow
Let this sad soul pass your hollow hallsIn wells' abysses he dwelled in dark and deep
In the kingdom of Ahti he's the knight of eels
Reclaiming from the stream my brother and my kin
I'm reaching the great blackness that him bindsSee how your brothers lay in waters
If you just let them hide their tearsShallow waters eating brothers
Darkest whirlpool let me pass
Stream of sorrow wide and narrow
Let this sad soul pass your halls
Shallow waters eating brothers
Darkest whirlpool let me pass
Stream of sorrow wide and narrow
Let this sad soul pass your hollow hallsShallow waters eating brothers
Darkest whirlpool let me pass
Stream of sorrow wide and narrow
Let this sad soul pass your halls
Shallow waters eating brothers
Darkest whirlpool let me pass
Stream of sorrow wide and narrow
Let this sad soul pass your hollow halls
