Hero

Darren Hayes

Outside confidence is king
I am all that you're projecting
Inside feel the rising tide
And the revolutions deafening
I was trying to hide my opposing side
Trying to reconcile my magical light
Ladies and gentlemen listen up please
I don't want to be your hero
(No, I am not open parts of me are broken)
Do yourself a favor
Save yourself
Don't pick me find someone else
(Why'd you want to bother find yourself another)
Sometimes you put all of your desires in an object of affection
But in time because you idolise there is only disappointment
I was flying so high in your perfect sky
But I needed to fall cannot have it all
Ladies and gentlemen listen up please
I don't want to be your hero
(No, I am not open parts of me are broken)
Do yourself a favor
Save yourself
Don't pick me find someone else
(Why'd you want to bother find yourself another)
Ladies and gentlemen listen up please

I don't want to be your hero
(No, I am not open parts of me are broken)
Do yourself a favor
Save yourself
Don't pick me for someone else
(Why'd you want to bother find yourself another)
Don't need to compromise
I don't need to occupy the floor
There's a danger in boxing in my sin
And all that I am..
It's too much pressure
I'll only let you down again
(No, I am not open parts of me are broken)

It's too much pressure
I'll only let you down again
(Why'd you want to bother find yourself another)
Ladies and gentlemen listen up please
I don't want to be your hero
(No, I am not open parts of me are broken)
It's too much pressure
I'll only let you down again
(No, I am not open parts of me are broken)
Ladies and gentlemen listen up please
I don't want to be your hero
(No, I am not open parts of me are broken)
