

Wait For a While

Hooverphonic

We gotta wait for a while
Wait for a while but we cant live in denial
Because its almost perfect
Wait for a while (Wait for a while)
Wait till the jigsaw falls into place but right nowI can't wait any longer
Where's lighting there is always thunder
Sometimes it makes me wonder
If it wouldn't be better toWait for a while (Wait for a while)
Wait for the right time to unleash our desire
Almost is perfect so
Wait for a while (Wait for a while)
Sometimes the waiting makes it more worthwhile
I can't wait any longer
Where's lighting there is always thunder
Sometimes it makes me wonder
If it wouldn't be better toMove on
I want to move on
Do you want to move on
Do we have toWait for a while or
Should we stop thinking and follow our heartI can't wait any longer
Where's lighting there is always thunder
Sometimes it makes me wonder
If it wouldn't be better to
Wait for a while
Can we wait for a while (Wait for a while)
Gotta wait for a while
Should we wait for a while
Or move on
