# You and Me

## Eusini

Â©Robert David Eusini

You and me will never be
Neverâ€™s a long, long time
Youâ€™ve got him
Iâ€™m with her
And we know each otherâ€™s hurt
Canâ€™t you see it in my eyes?
I need someone to fill me inside
I need you
I thought it was easy
To love was to play
But then I never felt this way
So where does it leave me?
Alone again
Waiting on a no-show friend
And thereâ€™s a teardrop in my eyes
That no one, no one else can dry
Only you
I bought you roses to lay at your feet
Someone stole them from me
I spread my wings and tried to fly
Someone stole the sky
But youâ€™re the beauty of sunrise
And Iâ€™m the forest that needs your sunshine
To survive
