

Blow Your Mind

Be Your Own Pet

Party for real
Party for real this time
Party for real Everyone thinks that you're so cool
Too bad I hate you as much as I hate school
Throw me a book and flunk a test
Cuz your a loser like all of the rest
Going to school is a waste of time
I'd rather sit around and blow my mind
I'm sure your happy being there (???)
You've got so many friends you're such a square
I just wanna blow my mind
Get stoned and wasted all the time
I just wanna blow your mind
Kill every single one of your kind (???)
Everyone thinks that your so cool
Too bad I hate you as much as I hate school
Throw me a book and flunk a test
Cuz your a loser like all of the rest
