Jennie

Parachute

Neon, vacant,
Boardwalk, pavement,
Summer's finally giving up
Salt air, Sunset,
Chasing something
Driving, wondering,
Where she's goneHeadlights on
As i'm speeding down the road I never turn
Tell myself
If i'm fast enough i'll finally get to her
But oohJennie, come back, you're the one I needed
I still feel you in my arms now
I know better
There's no going back at all
I was sleeping and i've finally woken up, yeahDark sunglasses
Bleach blonde, tan skin
I still see it, the way she smiled
On beach days, she'd swim
I didn't know it but
I was blinded by her light
Her wave had crashed
And passed me byJennie, come back, you're the one I needed
I still feel you in my arms now
I know better
There's no going back at all
I was sleeping and i've finally woken up, yeahLove is the ocean
You either jump in or you don't
She was the current
You're either with her or you're not
And i'll never catch up
I waited too long
Time is a straight line
And life always goes on (yeah)Jennie, come back, you're the one i needed
I still feel you in my arms now
I know better
There's no going back at all
I was sleeping and i've finally woken up (yeah)Jennie, come back, you're the one I needed
I still feel you in my arms now
I know better

There's no going back at all
I was sleeping and i've finally woken up (yeah)(Fade out)
