

# Untouchable (Bimbo Jones Radio Mix)

## Girls Aloud

Through wind and rain we got here  
Now we're flying babe with no fear  
We've been doing pain for so long  
When I stare in your eyes it's all gone  
Through wind and rain we burn bright  
Learn to fly through flames and hold tight  
With so many ways to go wrong  
But when I look in your eyes they're all gone[Chorus]  
And in my dreams it feels like we are forty stories tall  
When you're around, oh, we're untouchable  
And in my dreams it feels like we aren't ever gonna fall  
We're safe and sound and we're untouchableIt's only real when you're not around  
I'm walking in the rain, the sun goes down (oh oh)  
And only love can save us now  
I need you hear again to show me how (oh oh)I know that love shouldn't be so hard  
And sometimes we're standing in the dark  
But you light up everywhere I go  
And I know a heart shouldn't beat so hard  
And sometimes we're swimming with the sharks  
But you light up and keep me out the cold[Chorus]It's only real when you're not around  
The candle in my head is burning out (oh oh)I know that love shouldn't be so hard  
And sometimes we're standing in the dark  
But you light up everywhere I go  
And I know a heart shouldn't beat so hard  
And sometimes we're swimming with the sharks  
But you light up and keep me out the cold[Chorus]Whenever you're gone (gone) they wait at the door  
And everything's hurting like before  
Without any meaning, we're just skin and bone  
Like beautiful robots dancing alone  
Whenever you're gone (gone) they wait at the door  
And everything's hurting like before  
Without any meaning, we're just skin and bone  
Like beautiful robots dancing alone[Chorus]
