Fear

James

Fear takes my breath away
I'm saving my skin
Dogs bark at a stranger's feet
I act without thinkingFear fights for the driver's seat
Keeps breaking the chain
Next time he rides in the boot
We got wise to his gameWe be giant or small
Satellite's askew
Compensate for fear of falling
I'm afraid of youShadows on the wall
I'm afraid of you
They dissolve when we start talking
You must want it too
