

Break Up To Make Up

R. Kelly & Jay-Z

Mmm, ohh, ohh ohh

Ooh, ohh no, mmm

You and me, havin sex after an argument, that shit's the best
You and me, havin sex, yeah, after an argument, that shit's the best

(Think about it while the streets you roam)

(It's Dom P and Army in the fridge when you get home)

I storm in, she storm out

It's like the "War of the Roses" goin on in my house

It's a little seperation but I know how to fix the situation

Mami just sufferin from love deprevation

So I gotta give her thug reperations

Put it in the life until love leg is shakin

Slow and passionate, 'til we forget what happens

Then we laughin and we back friends

You don't have to fuss and fight, why don't you just spend the night

Baby, let's just kiss and hug, you know the words, girl, let's make up

So much love to be made, instead of screamin, "Who's to blame?"

Girl, I don't wanna let you go, I need you so

You and me, havin sex after an argument, that shit's the best

You and me, havin sex, yeah, after an argument, that shit's the best

(Think about it while the streets you roam)

(It's Dom P and Army in the fridge when you get home)

Girlfriend didn't believe me when I said I'd be back in a little

'Cause I had the Chris T on with the crease in the middle

Plus a fresh cut and the freezin icicles

On my wrist, on my hand, that's when shit hit the fan

Said, "You never spend timey, what's up with that?"

Translated it means

Hit it hard from the back, yeah, she hid my car keys

And forced me to fall asleep to her heartbeat

You don't have to fuss and fight, why don't you just spend the night

Baby, let's just kiss and hug, you know the words, girl, let's make up

So much love to be made, instead of screamin, "Who's to blame?"

Girl, I don't wanna let you go, I need you so

You and me, havin sex after an argument, that shit's the best

You and me, havin sex, yeah, after an argument, that shit's the best

(Think about it while the streets you roam)

(It's Dom P and Army in the fridge when you get home)

I don't want, baby I don't want to fight, I just wanna make it right

(Ooh yeah)
Put out problems to the side, let's just make sweet love tonight
(I don't want)
Baby, I don't want to fight, I just wanna make it right
(Ohh love)
Put our problems to the side, let's just make sweet love tonight
Sex so intense, all that's on my mind
It ain't feel this good since the very first time
I'm pullin her close, she's pullin away
I'm tryin to kiss her mouth but she keeps turnin her face
Cute sex game like our very first date
We ain't know each other well enough, we had to wait
But oh! I know just where your hot spot at
You can not deny that, so do not try that, I do not buy that
You and me, havin sex after an argument, that shit's the best
You and me, havin sex, yeah, after an argument, that shit's the best
(Think about it while the streets you roam)
(It's Dom P and Army in the fridge when you get home)
You and me, havin sex after an argument, that shit's the best
You and me, havin sex, yeah, after an argument, that shit's the best
(Think about it while the streets you roam)
(It's Dom P and Army in the fridge when you get home)
